EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Carl Schwartz on 8/10/07.

The application has been amended as follows:

Claim 30, line 8, after "bristles" insert ---mounted separately from and---

As per the amendment dated 9/20/06:

Claim 30, line 9, delete "a non-circular" and replace with ---an---

The following is an examiner's statement of reasons for allowance:

Claim 30 teaches a cleaning attachment as well as a scrub brush mounted separately and external to the cleaning attachment that reciprocated in an orbital path. Both the cleaning attachment and the scrub brush are located on a carrier that reciprocate with respect to the housing. The scrub brush comprises an elongated body located between the carrier and the cleaning element. The closest prior art of Gruber et al. (WO0132095A1) teaches a toothbrush comprising a cleaning attachment (20) and a scrub brush (26) with an elongated body (29) (figure 5). Gruber teaches a carrier (6) that is coupled to the motor however the elongated body of the scrub brush is not disposed between the carrier and the cleaning attachment. Additionally, the scrub brush does not reciprocate in an orbital path. The scrub brush of Gruber only

reciprocates back and forth never fully completing an orbit. While orbital reciprocating brushes are known in the art, the combination of an orbital reciprocating brush having an elongated body located between the carrier and the cleaning element is not known and therefore the applicant's invention is free from the prior art. It would not have been obvious to modify references to achieve the claimed invention since there is no motivation or teaching to do so.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shay L. Karls whose telephone number is 571-272-1268. The examiner can normally be reached on 7:00-4:30 M-Th, alternating F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gladys Corcoran can be reached on 571-272-1214. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
